The information is critical to university operations as it is used to fulfill mandatory reporting requirements and ensure the safety of students. The information is collected from students electronically, via a web-based form that contains a combination of selected-response (radio buttons, drop-down menus) and open-response items. The National Defense University Student Profile (NSP) is completed by all students, and is administered using a Drupal-based survey platform provided by USA Learning. The data are downloaded, processed, and transferred to the USMS by NDU's Office of Institutional Research.
